

**Activity 2**

**World Outline Maps**

**The World: Physical**

**PART I** Use maps in your textbook or a library to locate the items listed below. Then label them on the outline map.

Continents	Oceans	Major Seas	Major Mountain Ranges	Major Deserts
Africa Antarctica Asia Australia Europe North America South America	Arctic Ocean Atlantic Ocean Indian Ocean Pacific Ocean	Arabian Sea Aral Sea Baltic Sea Barents Sea Beaufort Sea Bering Sea Black Sea Caribbean Sea Caspian Sea Coral Sea East China Sea Mediterranean Sea Red Sea Sea of Japan South China Sea Tasman Sea Weddell Sea	Alps Andes Appalachian Mountains Atlas Mountains Great Dividing Range Himalayas Rocky Mountains Ural Mountains	Gobi Great Sandy Desert Great Victoria Desert Kalahari Sahara Thar Desert

**PART II** After labeling your map, use it to answer the following questions:

1. Which ocean appears to be the largest?

\_\_\_\_\_

2. What is the only inhabited continent that does not touch any other continents?

\_\_\_\_\_

3. What oceans and seas touch Africa?

\_\_\_\_\_

4. What is the largest desert and mountain range in Asia?

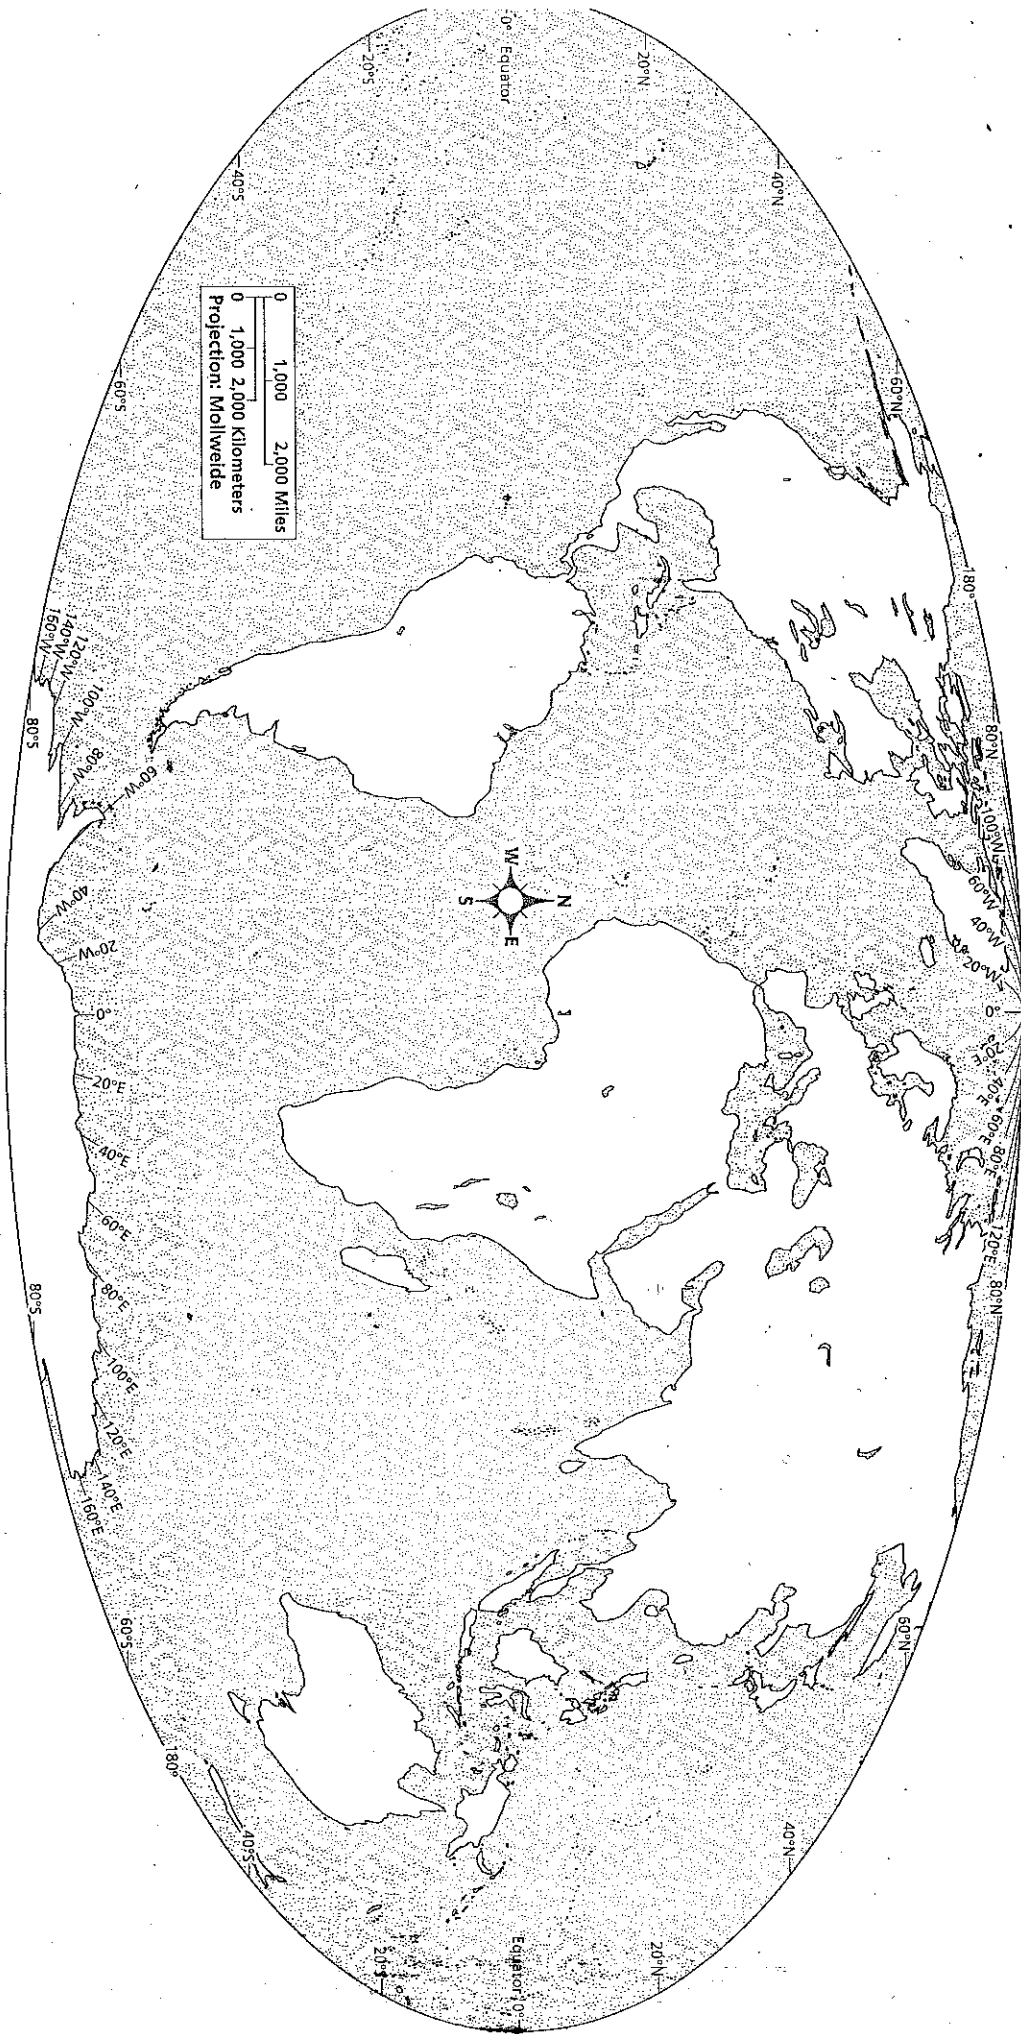

\_\_\_\_\_

5. **Critical Thinking: The World in Spatial Terms** The equator runs through the northern part of South America. Through portions of what other continents does the equator run? What would you expect to find about the climate of those places?
