Make Word Maps

As you read your textbook, you will learn many new vocabulary terms. **Word maps** can help you organize what you learn about unfamiliar words. By making a word map, you use and understand a word in several different ways. The word map below provides a definition, the word origin, synonyms, and related words for the word *intense*. The information in the word map comes from your textbook, a dictionary, and a thesaurus.

Directions: *On a separate sheet of paper, make a word map for each word listed below. Refer to the example, and use a dictionary and thesaurus as needed to complete your maps. When you have finished your word maps, write a sentence for each word in the space provided.*

1. stipulate _____

2. entity _____

3. anticipate _____

4. emphasize _____

5. status _____

6. withdrawn _____
