

THE PROGRESSIVE ERA

Outline Map

National Land Conservation

Directions: Locate and label the following national land conservation areas: Black Hills National Forest, Crater Lake National Park, Green Mountain National Forest, Mark Twain National Forest, Mount Rainier National Park, Rocky Mountain National Park, Sequoia National Forest, and Yosemite National Park. Draw a line from each location to the outside of the map, where you can label each area and indicate whether it was established before, during, or after Theodore Roosevelt's presidency. Consult any map in the textbook chapter, unit opener, or atlas for information.
