Recognize Related Words

An unfamiliar word often looks similar to another word or words that you already know. Words often share word parts—prefixes, roots, and suffixes—with other **related words**. Knowing related words can help you figure out the meaning and enhance your understanding of new vocabulary. The example below lists three related words for *dynamic*.

Example

Directions: Write the definition for the words listed below. Then use a dictionary to find and record two related words and their definitions for each word. On a separate sheet of paper, write a sentence for each Vocabulary Builder word and for each related word.
